Associated Press

NEW YORK, Sept. 24.—Urban Leibow announced today he would go to Washington tomorrow and appeal to President Harding to publish a list of war profiteers with the hope they would split half their earnings with destitute and unemployed war veterans.

GIBSON BERRY, superintendent of the Roaring Mountain Mining Company, a business visitor to Tonopah to day,

I may take some human documents along with the hope of procur-

ing an interview in the White House where the president can hear from the bottom of the men's hearts their story," Leibow said.

MANAGEMENT MIDWAY CONFIDENT SUCCESS

The Midway mine continues to be the scene of considerable activity, work being centered largely on the 1500 level.

The north crosscut is being advanced at the usual speed and strings of good-looking quartz appear throughout the drifts for

formation, with assays showing values of from \$20 to \$30 a ton. It is ant-

icipated that something important is

about to develop in these workings,

and as a result the management is

carefully scanning the work going

forward.

The south crosscut is nearing the 900-foot mark, and like the north

it is showing indications of ore.

Good strings of quartz are coming

in and the outlook is promising for

an increase of commercial grade

operating shortly.
